(Students & Staff ONLY)

November 25-26 School Closed Thanksgiving Holiday

Our PLAYGROUND EQUIPMENT is on the way OCTOBER 2021.

To all the PARENTS who contributed to our Popcorn Fundraiser!

GOD BLESS YOU

Dr. Deborah's Thoughts POSITVITY RULES

Everyday is a gift from God. When we are blessed enough to wake up each morning with blood running through our veins and our hearts beating, know that it is only because of God's grace and new mercies that are renewed every morning. Were you aware that you have the power inside you to create positivity and prosperity? You do. When you use your imagination to view challenges as opportunities, you begin to re-pattern your thoughts and your mindset into a more powerful one that steers the positive flow of Universal energy into your heart and into your soul. Throughout this academic school year, let us all challenge ourselves to rise above any occasion and remove all negative and destructive thought patterns from your mind. When you do, you start to see the clarity that shapes your future into a positive and brighter one. But it doesn't end there because...as a matter of fact — you discover how to manifest and claim your rightful destiny. Happy Home is excited about our program "Positivity Rules Across America" - which means that we will be focusing only on positive outcomes for our children, parents, families and teachers. Your mind is a powerful tool in redesigning your life; and the more you practice positive meditation, the more you begin to discover your soul being and the value of its instrumental worth in your life. The more you seek prayer and meditation it opens greater channels of awareness, which results in a shift in your reality. Create greatness by focusing on the lighter side of life, and put your Imagination to work for you to embrace and experience life as if it were your very own masterpiece...viewing each new day with an attitude of gratitude. It's nothing short of a miracle when you breathe in each moment with a renewed sense of vigor, and release every shred of negativity as you breathe outward — it's like experiencing the world with a brand new pair of eyes...except now, you begin to develop and employ ideas and dreams through your soul being; which is the driving influence of your creative imagination. Your mind is indeed a powerful tool in creating greatness in your life...isn't it time you began using it for your higher good?

Until Next time,

Blessings, Dr. Deborah L. Tillman
